

## Waukesha Cherry-Burrell: Factory Certified Pump Repair Program

The Factory Certified Pump Repair Program is designed to make it easier for end users to receive quick turnaround on maintenance and repair work for Waukesha Cherry-Burrell Rotary Positive Displacement (RPD) Pumps.\*

After extensive training and on-site certification, select Waukesha Cherry-Burrell distributors are factory approved as factory certified pump repair providers. They can now perform factory certified pump repairs on Waukesha Cherry-Burrell RPD Pumps at their local facilities.

Factory Certified Pump Repair Distributors have invested in equipment, inventory and training to become factory certified to perform repair and maintenance on Waukesha Cherry-Burrell RPD Pumps. They have also committed to carrying inventory to support immediate pump repair, so lead times are greatly reduced. Most offer 24 hour, on-site service.

Waukesha Cherry-Burrell's Factory Certified Pump Repair Program brings the experts closer to the end user for more efficient, effective customer support.

*\*Excluded are Ductile Iron Pumps, Universal Lobe Pumps and pumps that have been modified by unauthorized repair or reconditioning facilities*
