MG Newell Corporation  
Attn: Grifols' Project Manager  
301 Citation Court  
Greensboro, NC 27409

Dear Team,

I am pleased to announce that Grifols' North Fractionation Facility was named the International Society of Pharmaceutical Engineering (ISPE) 2014 Facility of the Year for Project Execution.

As Henry Ford said, "If everyone is moving forward together, then success takes care of itself." At this time, we are reminded that this accomplishment was not realized individually but rather as a team. Each person, company, and principle had a significant part of realizing our great success.

Grifols has very high standards, and MG Newell Corporation delivered the same while assisting us in exceeding our aggressive project goals. This facility will enable us to significantly increase our products to market, thus, making a difference in the lives of our patients. On behalf of our patients, management, and employees, we would like to thank you for your integral part in delivering the world's largest and most technologically advanced Fractionation Facility.

Sincerely,

A handwritten signature in black ink that reads 'Detlef Kehn'.
