<u>May 9</u> 8am-4pm CST	Valve End User School Location: Delavan, WI	Daily Fee: \$250 Includes: Food/Drink, Hotel and Training materials Attend homogenizer and valve school total cost \$650 for 3 days	
<u>October 15-16</u> 8am-4pm CST	Pump End User School Location: Delavan, WI	Daily Fee: \$250 Includes: Food/Drink, Hotel and Training materials	Registration Open Open/Download Registration Form
<u>October 17</u> 8am-4pm CST	Valve End User School Location: Delavan, WI	Daily Fee: \$250 Includes: Food/Drink, Hotel and Training materials Attend pump and valve school total cost \$650 for 3 days	

SPX Flow is excited to once again offer an **engineering-focused** End User School in 2019. The event will take place in Delavan, WI on May 14 -16, 2019 at a cost of \$550 per participant which includes hotel, daily meals and training.

Application of pumps, valves, heat exchangers, homogenizers, separators and systems from our APV, Waukesha Cherry-Burrell and Seital Separation portfolio will be covered. Engineers will benefit from face to face training by subject matter experts on topics such as detailed product positioning, typical applications, key factors & examples of sizing, and troubleshooting installed equipment.

This training will provide engineers with a better understanding of the critical factors in sizing and selecting processing equipment, insight on the most cost effective solutions and knowledge of the latest technological advances in process equipment.

Seating is limited and will be available on a first come, first serve basis.

<u>May 14-16</u>	End User Engineering School	Total Fee: \$550 Includes: Food/Drink, Hotel and Training materials	Registration Open
May 14-15 8am-4pm CST	Location: Delavan, WI		Open/Download Registration Form
